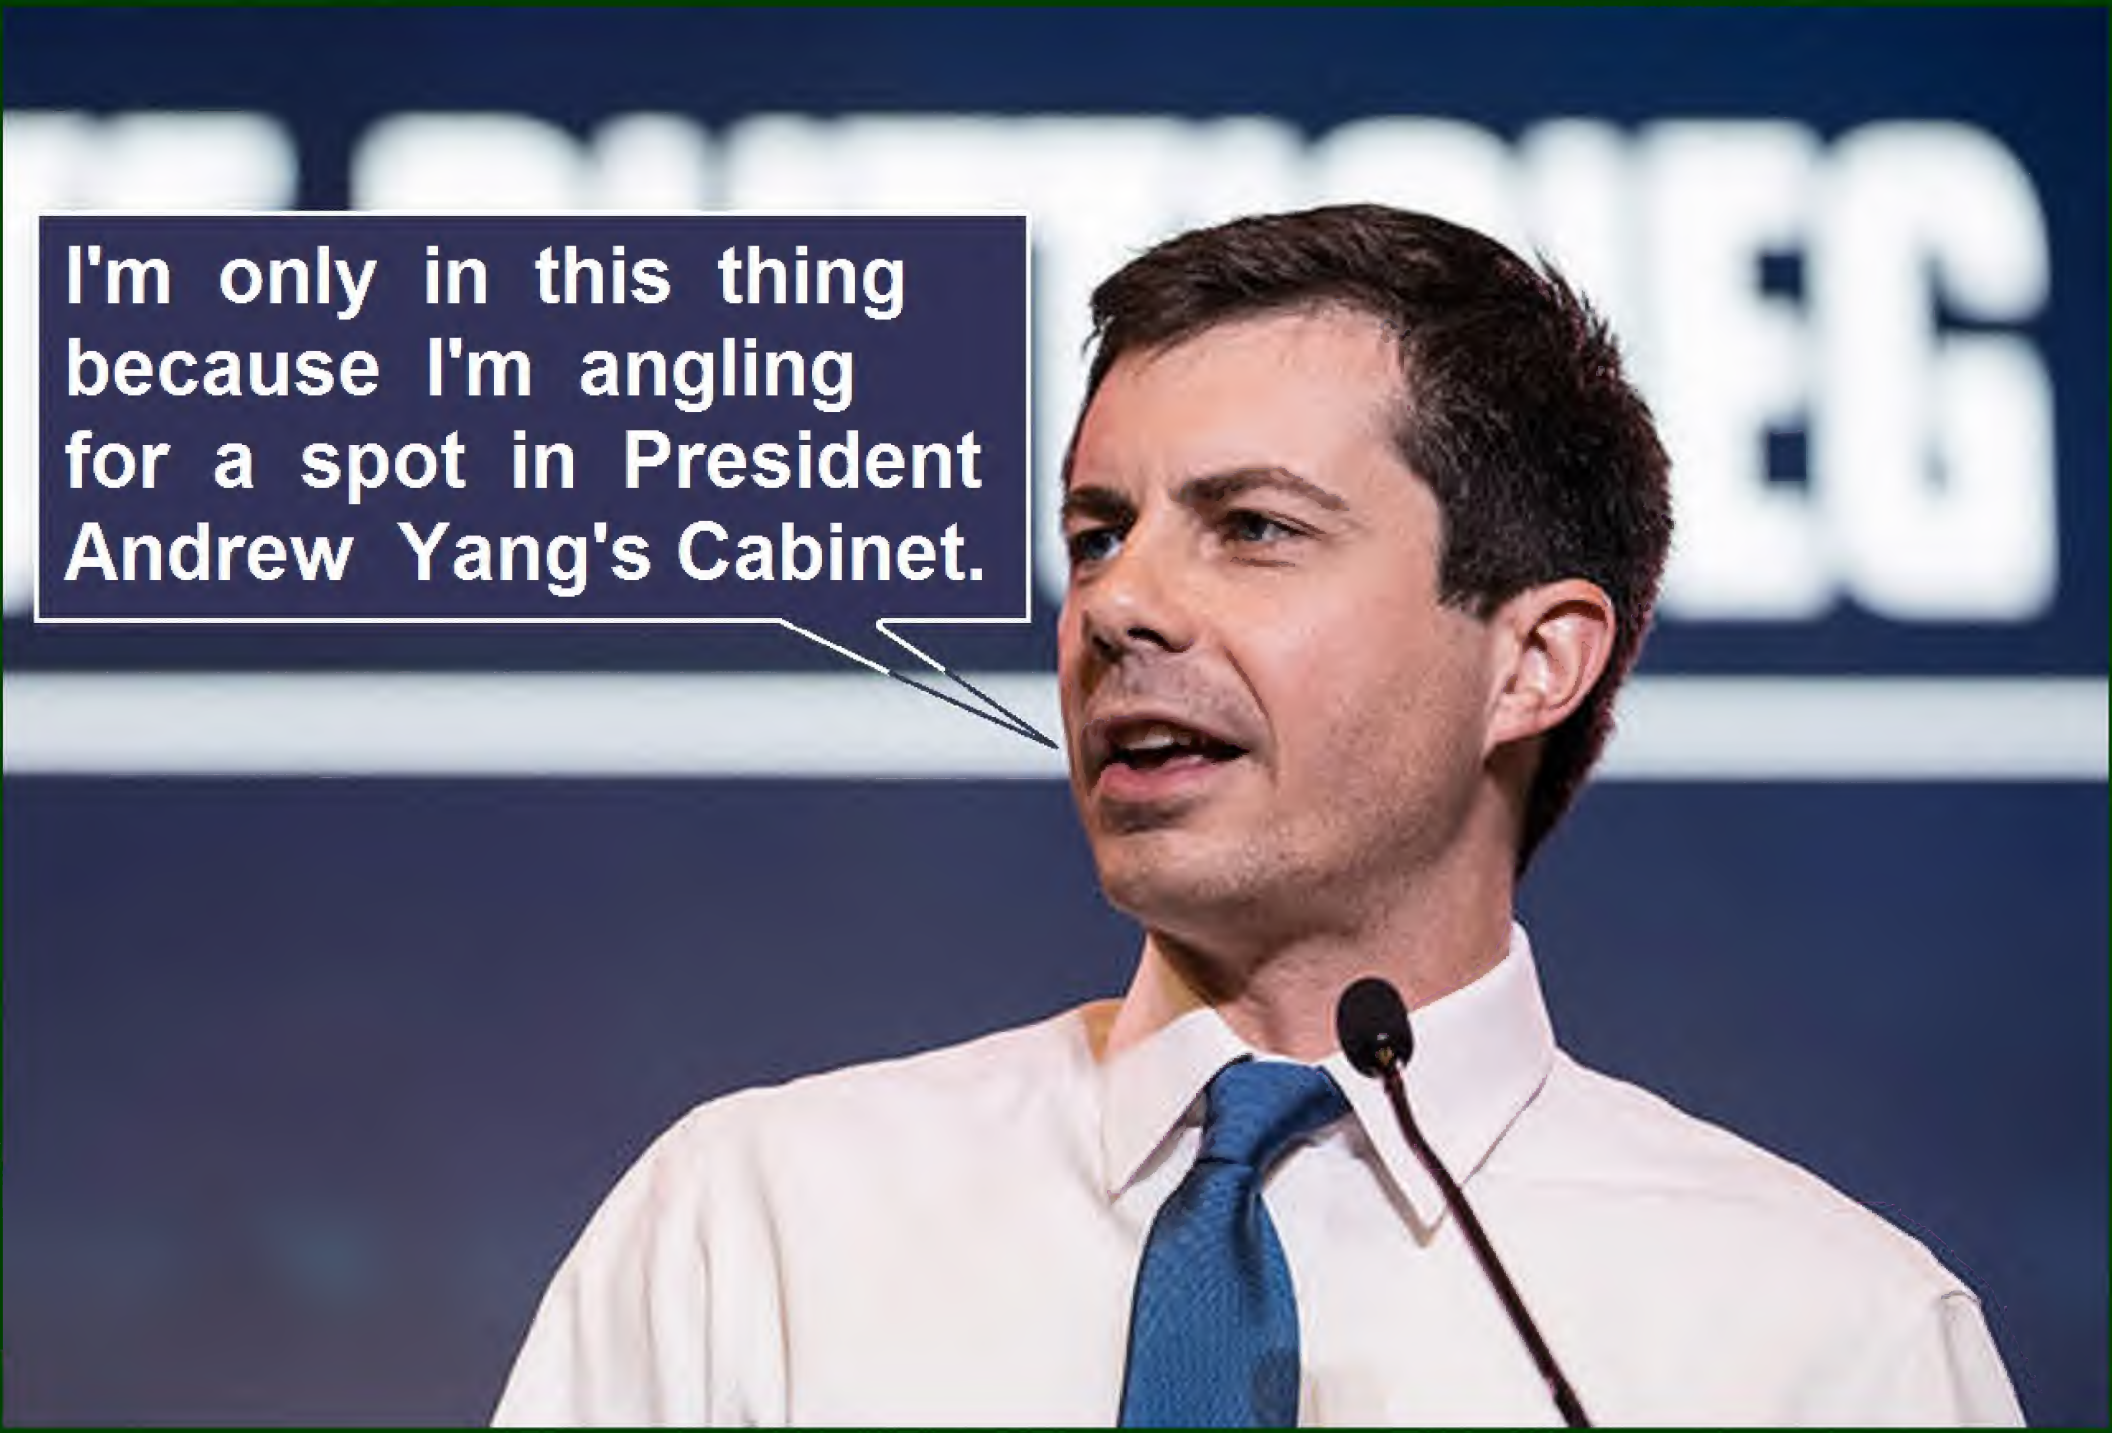
Honour compelled my resignation once my dear brother told me the *real* reason why he shuttered Parliament - to allow a pervert prince time to concoct a believable alibi.

Lizard aliens are wrapped around our politicians' vagus nerves and slowly eating them. Fortunately for me, they don't like Chinese food.

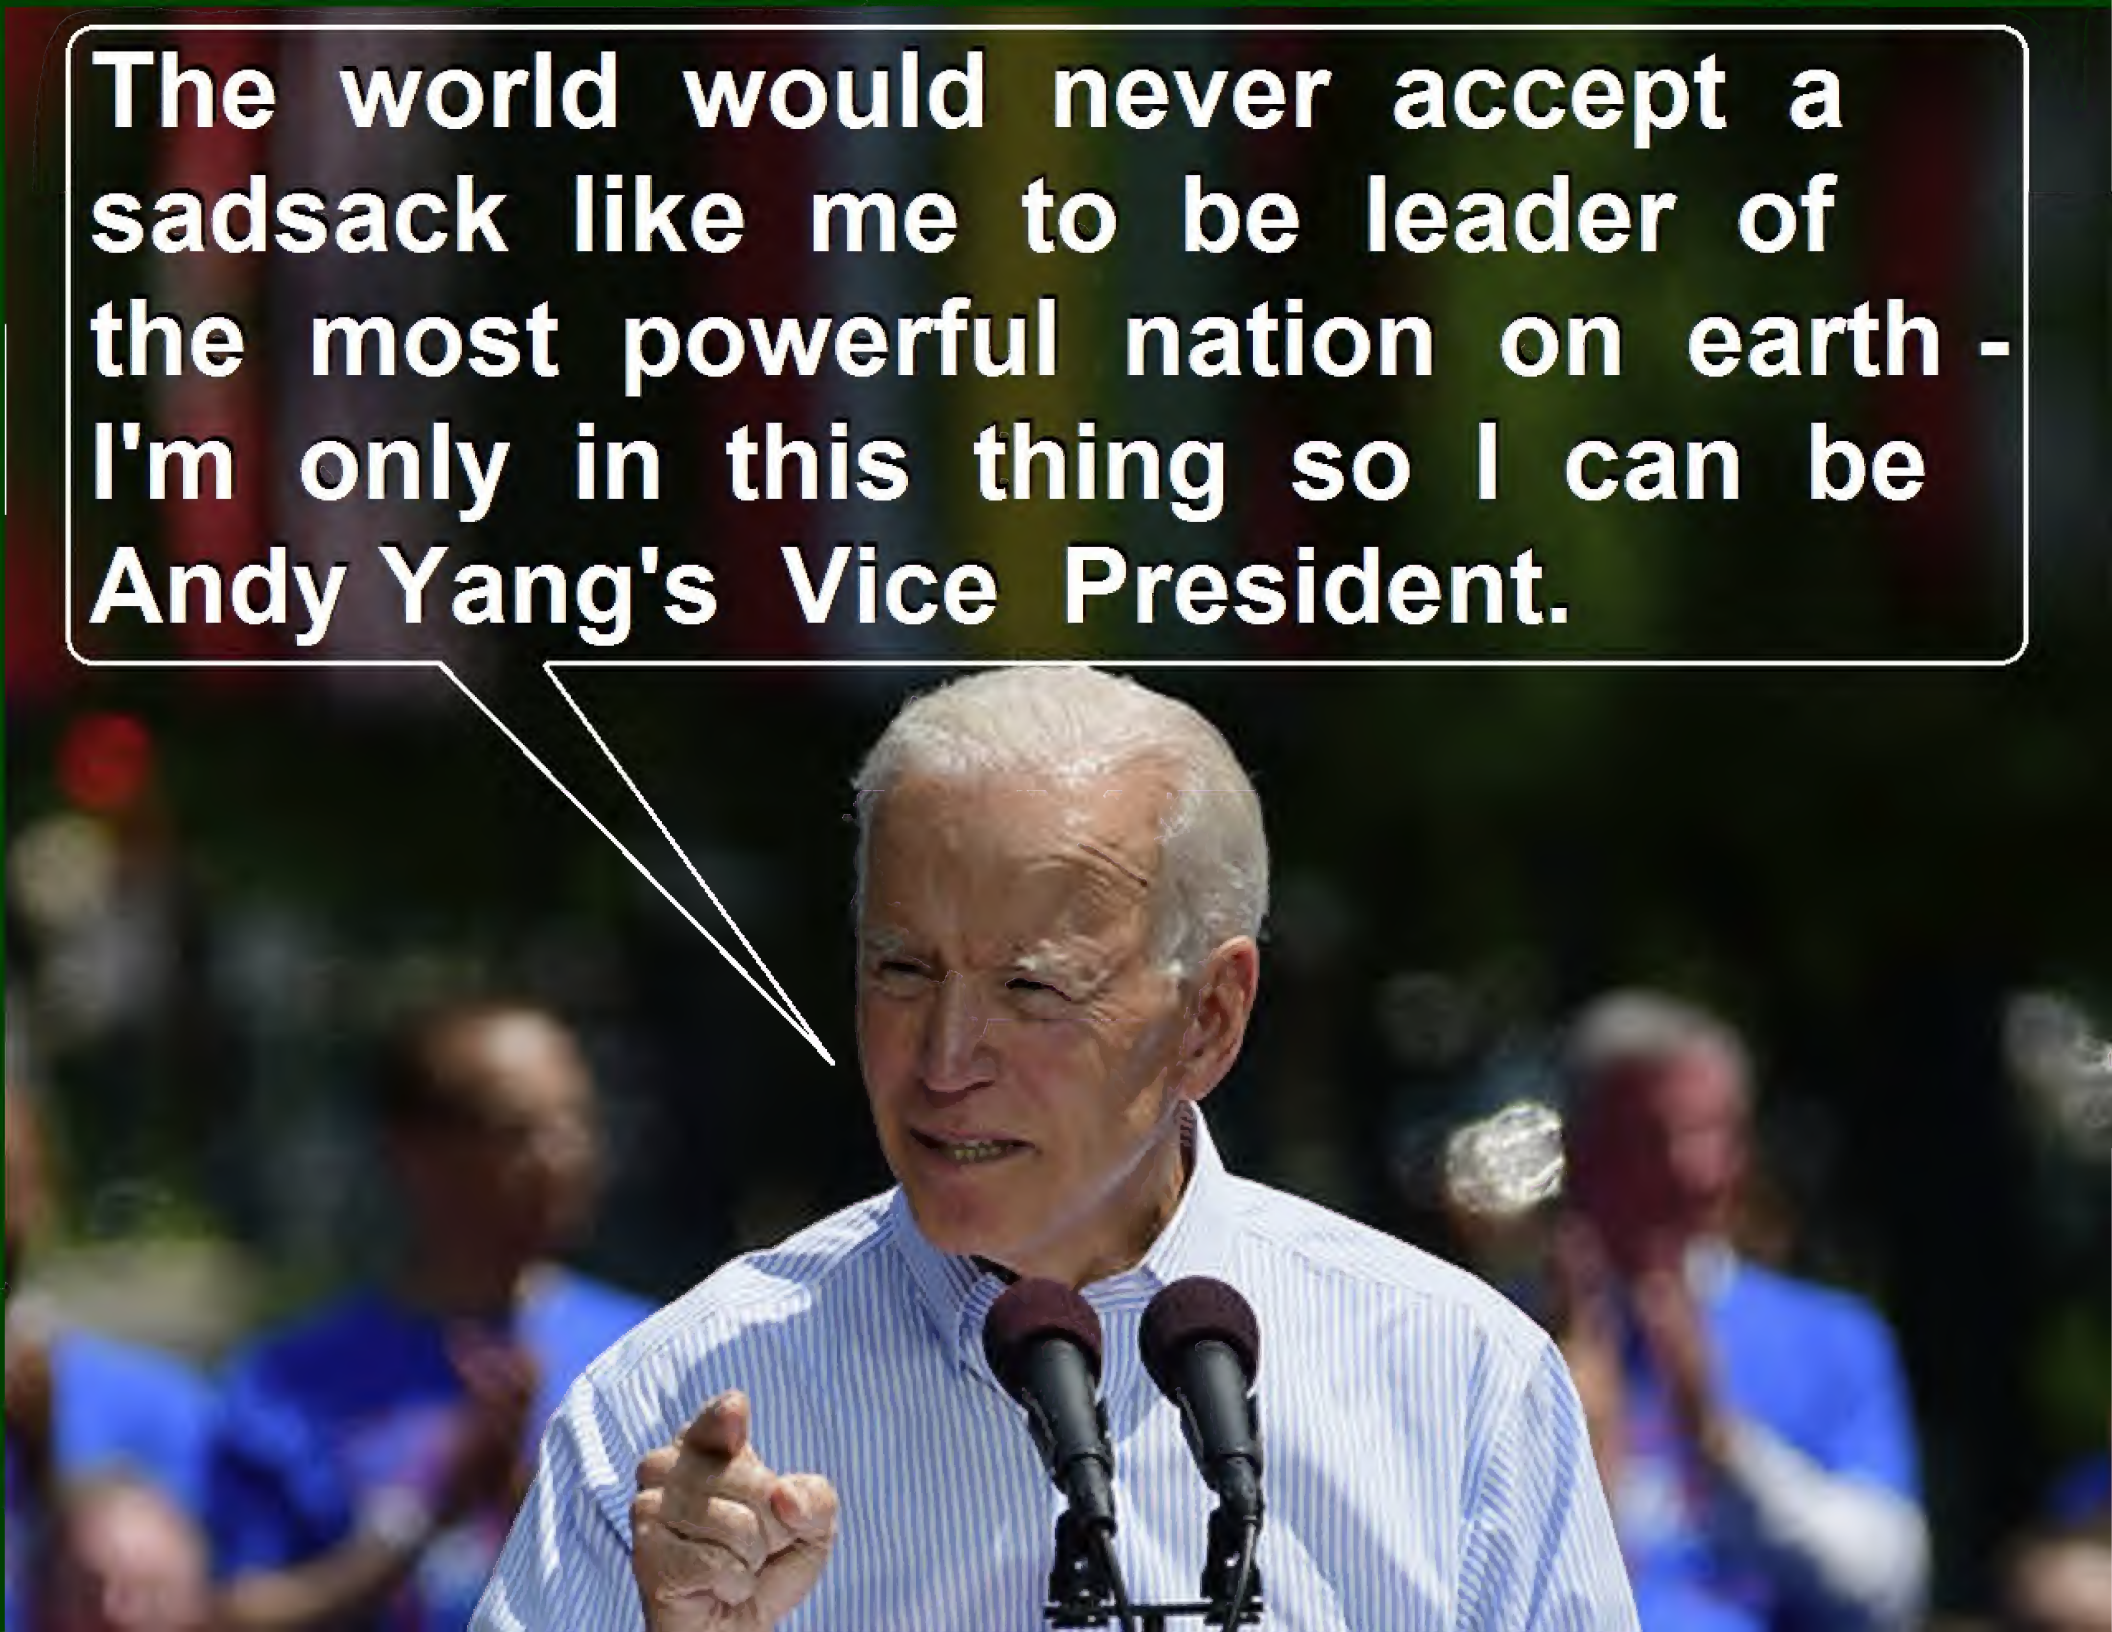


I'm only in this thing because I'm angling for a spot in President Andrew Yang's Cabinet.

I'm only in this thing 'cuz I'm looking for a sausage about yay long.

Anyone here got a sausage about yay long ?

My fossil fuel corporation masters said that I should start looking for podium knobgobblers to be in my Monika Brigade.
Acceptable applicants must be no taller than yay high.



The world would never accept a sadsack like me to be leader of the most powerful nation on earth - I'm only in this thing so I can be Andy Yang's Vice President.

" Not only is the *Trump Moscow Hotel Pee Tape* real, but he is also prominent in many of the compromising videos that Jeffrey Epstein took of his billionaire clientele.
The Deep State used those to blackmail him into running for President, and used other videos to ensure that he would 'win.'
Trump is just another Deep State puppet."

Since becoming President in 2016, Donald Trump has switched 1171 tons of fake gold from Canada with gold in Fort Knox. Now that gold is missing. A tranche of leaked documents by Guccifer4.0 @ #thedarkovercoats reveals that more than $50 billion was transferred from a Delaware bank to Russia, where it was used to purchase major real estate holdings and rebrand them as Trump properties throughout Crimea.

After overindulging in her favorite Middle Eastern entree - goatballs felafals - at the Washington Correspondents Dinner, Vice President Tulsi Gabbard makes a hurried Irish exit.

What can I say ? Gabbard hogged all the goatballs felafals.

I'm only in this thing so I can be President Yang's Energy Secretary.

The answer to all our troubles is straightforward - *more quantative easing for the rich*, and *less SNAP for the poor*.
